# THE ENGLISH ILLUSTRATED MAGAZINE.

Single Numbers, price 15 cents; Yearly Subscription, \$1.50.

The price at which the ENGLISH ILLUSTRATED MAGAZINE is issued justifies the belief that it will appeal to a large and varied circle of readers, and an endeavor will be made in the choice and arrangement of its contents to satisfy the tastes of all who are interested in Literature and Art.

The ENGLISH ILLUSTRATED MAGAZINE is designed for the entertainment of the home and for the instruction and amusement of young and old, and it will be conducted in the belief that every section of its readers, in whatever direction their tastes and interests may tend, are prepared to demand and to appreciate the best that can be offered to them.

## NATURE.

A WEEKLY ILLUSTRATED JOURNAL OF SCIENCE.

Single Numbers, price, 15 cents; Yearly Subscription, \$6.

The attention of all interested in the general progress of knowledge is earnestly invited to this Journal, which has now become the accredited organ of the leading scientific men, in communicating their views to each other and to the public.

Among the contributors to NATURE will be found the names of almost every man of note in the various departments of Scientific inquiry in England, America and the Continent of Europe. As questions of science compass all limits of nationality, and are of universal interest, a periodical devoted to them may fitly appeal to the intelligent classes in all countries where its language is read. The proprietors of NATURE will aim so to conduct it that it shall bear a common claim upon all English-speaking peoples.

NATURE is published in London and New York, and it asks, as it will be found to deserve, the liberal patronage of the thinking classes of the United States. Every intelligent man is now expected to know something of what is going on in the scientific world; the columns of NATURE will give a summary of it, varied, compressed, and authentic.

Club Rates for the ENGLISH ILLUSTRATED MAGAZINE and NATURE for one year, \$7, sent free by mail.

Wishing to make

this application. I shall make  
no dirt - more than is made

an easel as the canvas is,  
and I might state that I

I may wish to make other

To the Committee on the Building.  
Gentlemen,

The number of Photographs of works of art in this Gallery have increased to such an extent that it is now difficult to find place for them, the cases arranged for their accommodation being more than full.

I would respectfully ask authority to have such a case made as is indicated by the lower portion of the one on the enclosed sketch, to be placed in the Trustees room in the position at present occupied by the case containing record books, letter files &c. It is proposed to place the last mentioned case upon the one to be constructed, and the table upon which it now stands will

This arrangement would give accommodation for our photographs for some time to come besides affording space for other matters.

Respectfully submitted.

I was at work in the Gallery me - (two cows in a Dutch that I hope you will not think I am giving you 179; dated 1824, the other two a great deal of trouble. open and some what the same I ought to add, that I have landscape as the first, is water-colored copies of these numbered 180, dated 1823 - pictures that I shall keep for myself, but as the originals are in oils, I suppose these my copies would send them to you to look at, and you can actual copies -

If you think there is any probability of your taking my copies would send them to you to look at, and you can also see the originals if you wish, as my father wants them reframed and will send them to Washington for that
